at Julia Ideson Library

THEIR STORY

BRIDE Erin Kever, 24, a first grade teacher at KIPP Explore Academy **GROOM** Matthew (Matt) Nickolas, 27, a dentist at Memorial Dentists **HOW THEY MET** In college **WEDDING STYLE** Erin and Matt used muted shades of pink, white and green so as not to upstage the rich décor of their historic library venue. —*Meghan Overdeep*

After visiting a number of venues that felt too “cookie-cutter,” Erin’s sister and maid of honor suggested that she visit an old library in the heart of downtown Houston. “When I stepped inside the Julia Ideson Library, it felt cozy, elegant and warm,” Erin recalls. “There’s so much character and history—I fell in love.”

Erin and Matt had their first dance to "I Love You" by Benjy Davis Project. "On our first date, we discovered a love we share for the band, which is a bit unusual because they're not a band you hear of often," Erin says. "We've been listening to them together ever since!"

380 The Knot

Erin held a textured, feminine bouquet that included blush garden roses, dusty miller, hypericum berries and ranunculus. At the end of the night, everyone lined the walkway with sparklers and the couple sped away in a vintage white car. "It was so exciting but also sad—the night was over!" Erin says.
